Hamilton is a city of large, grime covered factories. Its sky is covered with an umbrella of billowing industrial smoke and periodic smog. The buildings are old and the streets crowded and narrow. Thus the picture that Hamilton to an outsider is not impressive. To a native Hamiltonian the perhaps unattractive, undivided facets combine to become the most attractive city in the world. The undercurrent of activity which is only now bursting forth in the form of urban renewal, the theatre auditorium, McMaster University, etc. is based not on a foundation of sawdust but on a magnificent alloy formed by the union of its unique human resources and its heavy industry. A challenge to our generation is to make a significant contribution to Hamiltons continuing development.

Cathedral High School

Hamilton, Ontario

Timothy J. McKenna

On June 24, 1968, Mr. T.J. McKenna, a man highly respected and honoured by Cathedral students for his constant effort to restore the rights of Catholic Schools, passed away. He was President of the Association of Catholic High School Boards in Ontario. For twenty years he had been a member of the Board of Governors of the Catholic High Schools in Hamilton and served as Chairman for eight years. Mr. McKenna's leadership and dedication have had far-reaching effects, and his memory shall be kept for many years to come.

Come to see the orange flowers
And the tumult of the blowing hours
And piercing a dagger into a thought
The joys of disdain are not forever showing
in the eyes of a noseless Pinocchio
For he shall never be the venial offender
And his mind shall be crisp and clear and grey
For minds are pure
And the bare infinitives of all that
Is an anthology of mind songs
Would be infinitive and purposeless
The power of the mind is more than a sneeze
Having raped for a second the life
And now you are kissing Death
It makes, it injures
It heals, it destroys
There is no waste
For the mind is not idle
The mind is you
And you are the mind
The Aphrodites of affections, hates and complexities
But all these are not mindless
Their form is not relevant
But a grey cell in blood
And feeling is ...

Valedictorian Address

In the preamble to the Hall-Dennis Report on Education we read, "The underlying aim of education is to further man's unending search for truth." However, we must ask, "What is truth?" Truth may be described as the very experience of living. Before man can begin his search for truth, he must be prepared. Formal education gives us this preparation. Formal education presents an accumulation of meaningful facts. These facts make up our unending quest for truth. This leads to our growth and development as mature men and women.

We must develop, and at the same time, refine our intellectual and emotional lives before we become full individuals and true persons.

Formal education plays only a small part in our pursuit of the fullness of truth. We are not satisfied with merely a formal education. We don't want only part of the truth. Our generation needs and demands the entire truth.

We trust that intellectual honesty and personal integrity have been our guides in the past. If they have not, it is our most sincere aspiration that they will be our guides in the future.

And so tonight, we thank the many people who have aided our search for truth. Our parents, our teachers, the Department of Education, the Board of Governors and all their employees.

We do not feel that it is our of place to pay tribute to Mr. Timothy McKenna who laboured for years on our behalf until his death last June.

We believe that happiness is to be found in freedom, man can not be happy if he is physically caged and his free movements limited. Man can not be happy if his mind is imprisoned and his inner self begins to weaken.

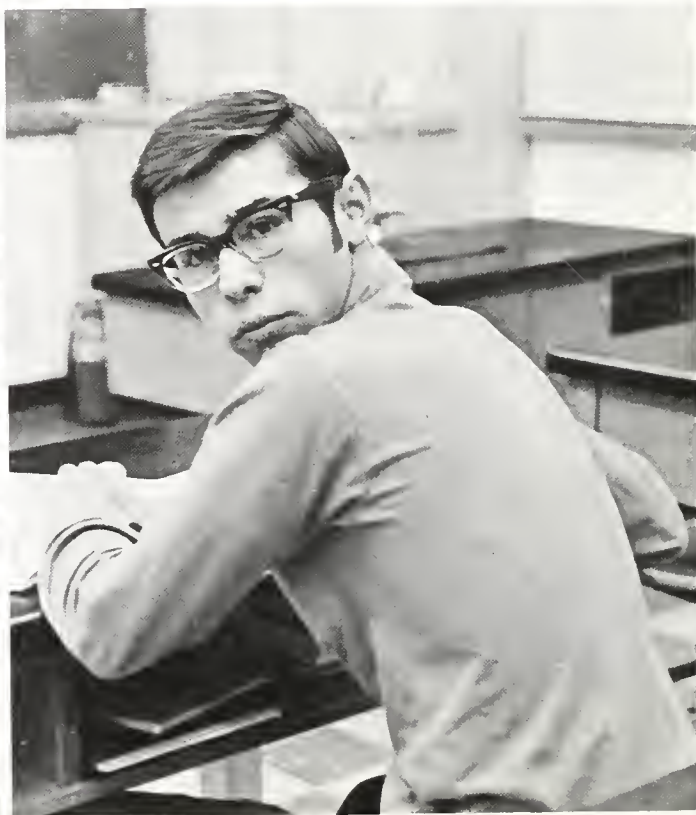

We believe that freedom provides the setting for a happy life and a better world but we also believe that the truth will make us free.

" . . . What is your name?
 Hans
 What a beautiful name! Hans and Ondine . . . "
 And what beautiful people who made them live!

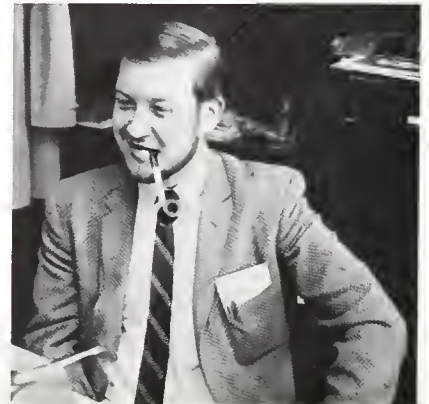

The madness of a moment when they saw all things clearly, and gave to
 others a gift of true beauty . . . of love.

Music to Watch Girls By

C.H.S. Band

Mr. W.B. Santor

Another successful year has been added to the history of the C.H.S. band. The Kiwanis Music Festival of Hamilton was one of the high points of the past year, as the girls defeated the Saltfleet High School Band. Spirits were at a peak for many weeks after especially as just a week after the Hamilton Festival, the band was victorious at the Niagara Falls Music Festival, receiving a mark of 90. The band's winning streak remained unbroken as in August of this year the band captured the \$400 first prize at Canadian National Exhibition band competition. The band's annual Fun Fair was also a rousing success. Our annual fall concert this year showed the prestige and popularity of the band in the public eye. The auditorium was completely filled, and the concert had to be interrupted after the first number in order to seat the people coming in. By the time everyone was seated, our flute and clarinet sections had become part of the audience. In October of this year, our band made a visit to Toronto to visit a band there. During the day our band played at three assemblies and they also played a public concert at night, with the Westview High School Band. The day was both exhausting and rewarding. A week later the Westview Band made a return visit to Hamilton.

In the future we look forward to bigger and better things under Mr. Santor, which will bring praise to the band and therefore to the school, and which will give each member a continuing feeling of pride in their band.

M. Chernets, G. Hitu, J. Laughler, K. Ford.

FOURTH ROW: S. Spiwak, M. Reidy, L. Scarfone, M. Harper, L. Stretkowicz, P. Simms, C. Smith, A. Manning, M. Farrow, A. Gimzauskas, B. McInnes.

This year, under Sister Mary Ambrose's guidance, the choral has retained its reputation as one of the best secondary school choirs in our area. Following closely on the heels of our opening activity, Graduation, was a performance at the fall Band Concert—a real success! After Christmas performances at our Assembly in Waterdown, and in Dundas, came a successful trip to the Toronto Kiwanis in late February. A highly enjoyable year closed with appearances both at the Hamilton Police Male Chorus' Competition on April 19th, and the Hamilton Kiwanis.

Mighty Gaels

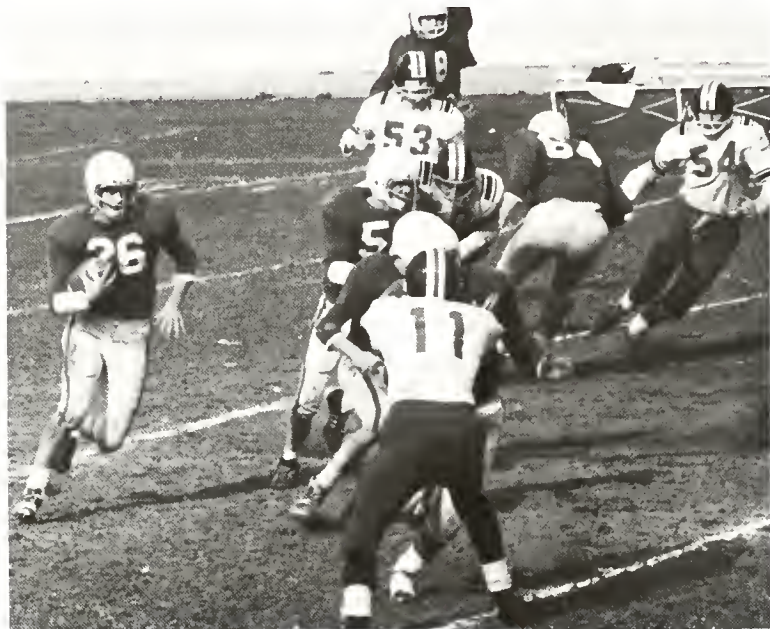

Up to this year, only one honour has eluded Cathedral's football team. But this year, the team has the honour of being the first Cathedral team to make it three football championships in a row. In this period it has lost only one game and has a chance to become the only team in I.A.C. history to win four in a row.

This year's team was absolutely great! It exemplified the spirit of Cathedral that has put it in a class of its own and they were well rewarded for the sacrifices they made to get in this position.

A balanced attack is the key to any great team. The passing of Mike McPhee, the catching of Taranczuk, Truckel and Simpson, and the running of Papalia, Gsellmann, Costie, and

Tony Pugliese, were fantastic. The linemen, Hawkins, Climie, Reko, Wilkins and Dunn, were a gritty bunch, many of them playing both ways. Procyszyn, Rick Pugliese, Sienna, Ricciardone and Garbat's Forté were the defensive line while Lutz, Walton and Pacquette were seen often in the secondary.

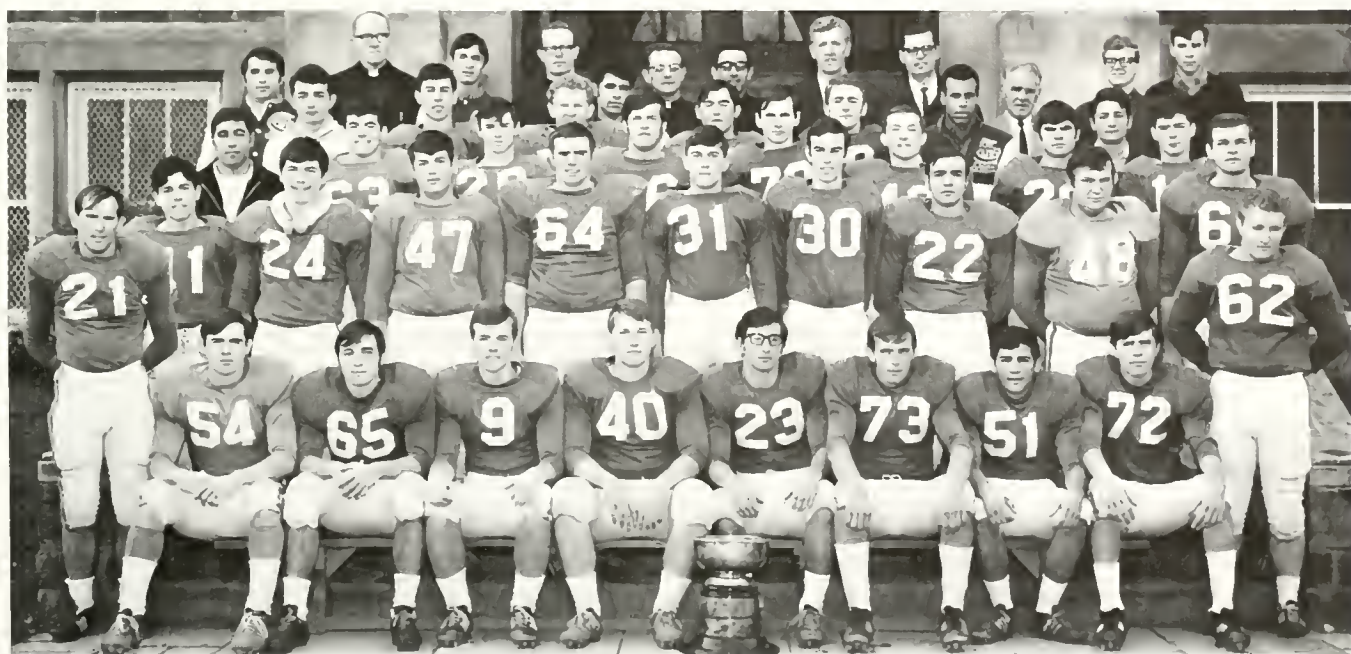

Many thanks should be expressed to the managers, Rocco Paone and Frank Columbro, to the coaches, Mr. J. McPhee and Mr. T. Gallagher, and also to Father Morelli, who did a great job and were primarily the main reason for our very successful season. We sincerely hope that next year's senior Gaels will carry on the winning tradition of our great school.

City champions eight years out of the last nine! Such a record is indicative of the calibre of Cathedral's junior football teams of the past. Under the dedicated leadership of Mr. D'Alessandro and his assistant Mr. Griffiths this year's junior Gaels created a legend in junior football ranks of Hamilton.

A dream team, both offensively and defensively, these Gaels were alert, fast and extremely talented. The offensive, with its well-balanced attack was equally proficient in passing or running. Quarterback Rory Corrizzi, Paul Whaley and John George. The running was almost legendary because of its efficient blocking and the powerful running of Roman Haynyk, Tomasik and Bill Watts.

While the high powered offense tallied over 300 points through the season, the defense became the scourge of opposing teams, by not yielding a single point during the regular season play. The well-trained defensive squad played heads up football, showing a fine ability to read plays, and react quickly to halt opposition gains.

Much of the credit given to the defense can be given to Cathedral's own front five made up of Joe Fazzorri, Mike Siek, Brian Corrizzi, and Greg O'Sullivan and Tony Gismondi, who repeatedly stopped opposing runners cold.

Many players who played on both the offensive and defensive squads deserve a special thank you from the students for their outstanding performance.

Father Kennedy's coaching days at Cathedral began in 1955, three years after his ordination. He coached junior basketball until 1962 when he accepted the position of Head Coach of the senior team. His fantastic career as a coach came to a magnificent climax last year when he achieved his ultimate goal: the Ontario Championship.

However, Father Kennedy did not just limit his knowledge of the sport to Cathedral High School. He was largely responsible for the functioning of several minor leagues in the C.Y.O. From these teams emerged many fine basketball players, many of whom were later enrolled at Cathedral High School. Such players as Jim Daly, Len Varrasso, Mark Walton, Paul Mazza, Ian Lyle, Bill Maga, Jerry Simpson, Peter Hamilton, and Peter McPhee were all taught the basics of the sport by Father Kennedy when they were still at a very early age.

But for all those who came in contact with him, Father Kennedy was more than a coach. He was a source of guidance and friendship, always willing to help anyone with his problem whatever it might be. His ability to deal with young people of all ages and understand them as well is a quality lacking in many.

For these reasons we thank Father Kennedy for his different contributions and wish him the best of luck in whatever endeavors he may undertake in the future.

Everyone is well-aware of the record of last year's senior basketball team: an undefeated streak of twenty-three games, an average of one-hundred points a game in ten league games, the McMaster Tournament Championship for the third consecutive year, the H.I.A.C. Championship, and the Ontario Golden Ball Championship. This record has never been matched by any other team from Cathedral or Hamilton. It makes the team one of the best in Canada.

Cathedral's most-feared enemy going into the tournament was Windsor Assumption, the defending champions. However, the hardest game played was against a much-improved Pauline Johnson. The first game against Oakwood was easily won by the Gaels. When the Windsor Assumption team was defeated in the finest game the Gaels had played all year anywhere, the Ontario title was within their grasp. The long-awaited crown was finally captured with the victory over St. Charles' High School.

We extend our congratulations to the team on their superb performance in the tournament, and during the year.

Gaels

Determination seems to be the one word that best describes this year's senior basketball team. They were intent on continuing last year's undefeated streak into this season. This is precisely what they have done. The senior team has now been victorious for forty-four straight games, including both exhibition and league play. This was Mr. Daly's first year as Head Coach and is to be given much credit for taking up the difficult position vacated by Father Kennedy. The team once again won the McMaster Tournament, making it the fourth consecutive time they have won it. H.C.I. and Bishop Ryan proved to be our greatest rivals this year. However, the Gaels always rallied themselves to put down any opposition. The team recaptured the city title with the defeat of Hill Park.

Leading the Gaels this year were captains Mark Walton, Gerry Simpson, and Al Smithson. They once again proved themselves to be excellent playmakers, baffling all opposition. The team itself hit for a forty percent average from the floor. Mark Walton and Mike McPhee, the guards, provided excellent outside shooting with Walton hitting forty percent and McPhee thirty-three. Al Smithson performed adeptly in the centre spot, dominating the backboards. Forwards Gerry Simpson and Pat Papalia supplied fine shooting and rebounding, with Simpson sharing the backboard control with Smithson. Joe Taranczuk, returning after an injury last year, and Len Cassidy showed themselves extremely versatile in substituting for the other players. Bob Truckel played well as the eighth man on the lineup while Larry Buist, Brad Russell, and Ralf Hakenberg filled in adequately when called upon to do so. The team's trainer, Mr. E. Brooks, deserves much for his devotion to the physical health of the players. Managers Joe Colontino, Jim Julian, and John Williamson did a fine job throughout the year at games and practices. The statistics they have compiled are very complete.

We hope that next year's team turns out to be as well-balanced as this one has.

Under the expert supervision of Mr. Varrasso the baby Gaels had an undefeated record in their regular season games except for a one point upset by Bishop Ryan. Team captain Joe Tomasik proved to be a worthy floor leader as well as an excellent shooter and rebounder. Two new guards appeared this year: Brian Mascarin and Bob Diemert who supplied all the necessary outside shooting. The forwards Roman Hrynuk and Greg O'Sullivan helped control the backboards and provided good shooting when necessary. Rick Bolek and Algi Zilvitis, the center, were a significant part of the play underneath the basket. Jim Slomka, Mark Noonan, Pat Modeski, Kasimir Novak, Ed Adomaskas, and Vitas Stalas filled in adequately when called on to do so. Managers Bill Verney and Frank Tristani did an excellent job at games and practices throughout the year. With several of their players returning next year plus a few graduates from the midget team, the juniors next year should certainly be a contender for city title.

The newest edition to Cathedral basketball is the midget team. Despite a rather slow start, the team progressed steadily throughout the season. Although the team was unsuccessful in claiming the tournament title, it did achieve one thing: it introduced its players to basketball and familiarized them with the game. Forward Vidutus Lukosius headed the scoring for the midgets, averaging twenty points a game. The other two forwards Mike Scime and Ray Butkevicius provided good shooting and rebounding while the guards Chris Costanza and Pat Daly filled their posts adeptly. Much credit is due to Mr. Pacecca who undertook the difficult task of starting a new team. We hope that next year's midgets will do as well as this year's team has.

The most significant feature of this year's water polo team is the fact that all players can return next year. Although very successful this year, progressing to the semi-finals, we are almost guaranteed a championship next season. Such prolific scorers as Rick Pugliese, Dan Connolly, Chris O'Connor, will naturally lead our team to victory in the Cathedral Tradition.

This year, Cathedral competed for the first time in H.I.A.C. hockey. The Gaels were in the A division, playing teams from Barton, Bishop Ryan, H.C.I., Hill Park, Southmount, and Westmount.

Most people feel that, although no championship was won by this original Cathedral hockey team, the team still had a very successful year. It finished the season only two points out of first place with a season's record of twelve wins, four losses, and two ties, for twenty-six points. In those eighteen games, the Gaels scored seventy-four goals and allowed forty-three, and at one time carried an eleven game unbeaten streak, winning ten games in a row, including a 9-4 triumph over previously undefeated Southmount.

But then, after such a successful initial season, everything came to an abrupt end, as the Gaels lost a too close 1-0 sudden death semi-final game to Hill Park. They had not lost to Hill Park all year, and in that game outshot the Rams, but just could not score.

Some say He's dead . . . We know He isn't! We see Him in our fellow Hamiltonians and in the peoples of the world.

As members of a Christian community, and as students of Cathedral High School, we have tried to help others in His Name and learn the joy of giving . . . We have welcomed the opportunity to attend Mass as a group at times during the school year, and to visit the chapel during the day. We hope we will not lose the desire to continue such endeavours as the Flea Market, Miles for Millions, food campaigns for the Salvation Army, mission assistance in Guatemala, and adoptions of orphans overseas.

. . . Thank you, God, for being so very much alive. Help us to become living examples of Your Resurrection.

This year, concern for educational development has been foremost in the minds of most citizens. Many people have become involved in the various aspects of educational endeavours.

Still others have become personally involved in educational efforts directed towards benefiting Cathedral High School students. The patrons of this yearbook are such people.

We, the students of Cathedral, thank them for their patronage and for their lesson in conscientious community membership which they have taught us.

AN OLD TIME-TESTED COLLEGE

WITH
MODERN IDEAS

61 YEARS
OF PUBLIC CONFIDENCE

☆ MODERN COURSES

Our courses, final examinations and diplomas are under the direction of the Business Educators' Association of Canada. Our courses are constantly being revised in the light of modern business. This year, we offer "Introduction to Business Data Processing," and, to the young women, a finishing school course in "Charm and Personality Development," at no extra charge. Enquire if you are interested in "Rapid Reading" or "ABC Shorthand."

☆ MODERN EQUIPMENT

Thousands of dollars worth of new equipment has been purchased during the past five years. This includes 45 new typewriters.

☆ MODERN METHODS

We have a large staff of competent, experienced teachers who keep in touch with up-to-date methods.

The Legend Lives

Now Boston was a town quiet as they came
"Respectable city" was her other name.
But a few years back, terror took hold
A killer was loose, brazen and bold!
Number One was old, a retired nurse
They thought it was a vandal, after her purse.
The Second was found, she too had been choked,
In the very same way in blood she was soaked.
And when the third frail corpse was found
Her fragile neck with her stock wound round,
The police realized this was no ordinary case
There was more slaughter to come, so on went the race.
The police tried — in vain,
Yet another died just the same.
But this one was different from all the rest
She was young — and working, and at her best.
And so they went, O God what a sin,
Why did those women let him in?
Six, seven, eight, was no woman safe.
Lock your doors, your lives are at stake!
The ninth victim had just bid her fiancé good night
How ironic her words considering her plight.
For in a few moments she'd lie still on the floor.
Her young blood trickling warm on the floor.
Thirteen women had Boston now lost
On the throat of each the killer's tight Knot.
One however had kicked, screamed, and bit
She lived, though savagely beaten and cruelly hit.
Well, a man was found who fit the description
But there wasn't enough evidence to make a conviction.
Albert DiSalvo confessed to all — can't you see he's lying?
No, the murders have stopped — with relief you're all sighing.
And when I sit on the bus and hear women talking
About how HE'S the culprit, and their doors they've stopped locking
I laugh and I laugh because they fear no encore —
Because I swear by the devil — I'll kill thirteen more!

Nothing

This world amounts to nothing,
Like an apple core.
Nothing has sense,
Everything's a bore.
Confusion arises in every mind,
Insane as it may seem.

The answers may be sought,
Like a wanted man.
If all problems were solved,
We'd need no materialistic plan.
Lights are too bright, they bother me.
Bright, flashy like people.

I hate social climbers,
As I hate conceit.
Ignore both,
Try to defeat.
The fact is beauty is only skin deep.
Socialites, does the shoe fit?

The world is full of noise,
Like a trumpet.
You know, music comes from the soul.
People don't know it.
Why does love always belong with music?
Love and music quiet you,
Like poison.

The Wild Cell

Uniting, dividing, contracting, expanding,
Unchained!

No one can stop it.

A deadly form of life, a single unit cell,

It destroys an individual, and creates a life of hell.

Feeding on human tissues like a parasitic plant,

Not like any other disease,

For delayed detection condemns your progression

To a doomed regressive slant.

Medicine and drugs, to deaden a painful plight:

Oh the pain—

Sharp like the sound of a bullet

That splits the tranquil night.

Scientists have tried and are still trying,

To suppress an aggressive foe;

But each day it grows stronger, and destroys the
conquered

Shaking the inevitable far from slow.

The victims are increasing fatality rates are soaring,

Death summons to many by tolling her bell;

For those not killed in Vietnam,

Are destroyed in time by the deadly cell.

But man has never been known to give up on a depressing
note,

For where there's much despair, there's always a speck of
hope.

..... And God created man, nature, heaven and hell;

Flowers, trees, the birds and bees—

And cancer, the wild cell.
